### Know Your Neighbours Talks

#### **From Field to Fork"**

Know your Neighbour Talk By Graham Bunn  
Norfolk Farm Manager

**31st January at St David's Church 7pm**

We will eat approximately 60 tonnes of food each in a lifetime!

The average food item travels 1,837 miles before it's eaten in the UK!

We look at the start of that food journey beginning on a farm in Norfolk that ends with bread, sugar, Maltesers, crisps and frozen vegetables on your table.

"Farming isn't a battle against nature, but a partnership with it. It is respecting the basics of nature in action and ensuring that they continue." – *Jeff Koehler*

"We thank thee then, O Father, for all things bright and good,

The seedtime and the harvest, our life, our health, our food." *Singing the Faith 130*

### Sense

If anyone has anything they would like to donate to Sense, the charity shop next to our Church, then I have some bags in the office. Please ask Lyn if you would like one.

## ADVANCE NOTICES

### Alan & Happy

Alan & Happy would like to thank everyone for the cards, gifts and good wishes they received on the occasion of their recent marriage. It was lovely having so many people in church to support and help them celebrate their special day.

### Hall

Please note that from 8th January for two weeks there will be no access to the hall because the floor is being refurbished. There will be access to the office but it is possible that there may be workmen's equipment lying around so if coming in to the office then please take great care. Apart from coffee mornings, all other activities that are usually in the hall will take place in the fellowship room

### Parking

During the next few weeks there will be lots of workmen and work vehicles about so please refrain from using the church car parks. This is for your safety as you may get blocked in by workmen and your vehicle may get damaged or you might get injured. This is a health and safety issue to which we must adhere. Thanks for your understanding.
